

**St. Clare's Needle Arts Guild Report**  
**September 2, 2008**

There is not much to report. Lark Howell of Grace Anniston has agreed to get information/data base ready to be posted on the ECW website. I am still getting inquires from people who are interested in the guild, but nothing has happened yet that might push us along. If a parish has a project which needs helping hands, be it needlepoint, crochet, knitting, etc., we can find people who will help. The setup of the 'guild' is slower than I had imagined it could be, but it will happen in its own due time.

I do not consider myself the chairman or leader of this guild, nor does anyone else. My prayer is that the other ladies who have offered to help will take ownership of it and push it along.
