

Archivist Report – Winter Retreat, January 9, 2009

The diocesan records were safely moved to Livingston when we moved last summer and are in climate controlled storage. I have contacted Carpenter House seeking to gather their holdings and combine them with the papers I have. Once the papers are combined and processed, they will be sent to the Birmingham Public Library archives.

A special thank you to Marilyn Atkins for her work to ensure that all current minutes and reports are gathered in one location and given to me.

Respectfully submitted,

Valerie Pope Burnes
